

# *Secrets of successful schools no one told you*

## SIMPLE ACTIONABLE STEPS

### CREATE HIGH LEVEL OF ENGAGEMENT

Motivating students is one of the ways to create high level of engagement. Some of the ways to do this are to enhance their self belief, give meaningful praise and timely feedback

### PROVIDE A POSITIVE SCHOOL CULTURE

A positive school culture is when we invest in people and build relationships. Teach them social skills, problem solving methods, cater to individual needs and have pre defined rules set in place.

### HAVE EFFECTIVE LEADERSHIP

A good leader will lead by example, is selfless, a problem solver, a great listener, understands child's strength and weakness and knows how to treat them equal, yet expect differently from them.

### ONGOING ASSESSMENT & EVALUATION

Teachers who develop assessments provide corrective instruction, and give students opportunities to demonstrate their success. They also improve their instruction and help students learn.

### FOCUS ON WHOLESOME GROWTH

All round development is important than academic grades. Education is crucial to character development. Children should become better individuals, begin to respect themselves & people around them.
