

WHY SHOULD YOUR SCHOOL HAVE AN APP?

Enhance Parent Teacher Communication

1 **MANAGE MULTIPLE CLASSES**

Your own app helps you manage multiple classes instead of relying on chat platforms that make communication cluttered.

2 **IMPROVE COMMUNICATION**

Parents and teachers can communicate better by sharing posts, comments and likes. Your own app will create a lot of structure in communication.

3 **SHARE TIMETABLE**

It becomes easy to send individual class timetable to specific class groups for parents to view online. No more printing and wasting paper.

4 **RECEIVE FEES ONLINE**

Your app gives you the control to collect payments safely. You will also be able to send reminders on payment dues and confirm receipt from parents.

5 **UPLOAD PHOTOS/VIDEOS**

You will be able to take pictures and share in different class groups about various activities. Parents will know the happenings at school.

6 **BROADCAST OR ONE-ON-ONE**

Choose how you wish to communicate with parents - all together or in private. Have complete control and flexibility in managing communication for your school.
